Welcome

Welcome in the new year with TranzScript for 2025.

We trust you all had an enjoyable Christmas and New Year. Here at Tranzit Tours we celebrated the festive season with our Christmas in Canterbury tour where we travelled to Christchurch and got to see first-hand how the city has recovered post-earthquake and we dined on board the old city tram. Santa and Mrs Claus made a special guest appearance with presents for everyone direct from the North Pole.

Our Chatham Island tour arrived home safely late last year after everyone indulged on ocean fresh Blue Cod and Crayfish whilst their little dog guide 'Peanut' lead everyone on their island adventure. A great time was had by all.

A fantastic time was had ticking off bucket-list items like Stewart Island and the Catlins on our Deep South tour last year with everyone venturing into the heart of Southland travelling along the Southern Scenic route with breathtaking 'jewels' appearing along the way.

YOUR TOURS TEAM

The hard working tours team got to have a break over the Christmas period and the office is back open. Unfortunately Sam departs our team this month as he has moved onto other opportunities. We wish him well on his new endeavours.

We are looking forward to having you back onboard and taking you on your next scenic adventure! ~ *The Tours Team*

Southern Lakes and Canterbury High Country

11-18 March 2025 - Phone NOW for an itinerary - you don't want to miss out!

Rural splendour takes on epic proportions on the big sheep stations of the south. We visit Mt Nicholas on Lake Wakatipu, two iconic stations at Lake Wanaka, a traditional station in the heart of the Mackenzie Basin and spend a fabulous day exploring farming properties on the edges of the Canterbury Plains. Historic Mesopotamia Station in the Canterbury high country is a special highlight.

Mavora Lakes High Country

A memorable excursion awaits us today, as we make our way back to Queenstown to join Nomad Safaris, for their Mavora Lakes High Country Tour. Our tour starts with a journey across Lake Wakatipu on the TSS Earnslaw. Known as the "lady of the lake", the Earnslaw has been plying these waters since 1912. Disembarking at Walter Peak Station, we meet our Nomad driver and board their vehicle. Taking a scenic back country road through Walter Peak and Mount Nicholas Stations, our guide will acquaint us with the history of the pioneering high-country farming of this tussock covered landscape.

Greenstone Trail

10-18 April 2025 - Phone NOW for an itinerary!

Explore the wild West Coast of the South Island from top to bottom. This is one of New Zealand's most unspoilt regions and our tour is full of attractions that cover many of the 'must see and do's' of Westland. Have you ever walked among the treetops in a South Westland Rainforest or been wowed by the reflections at Lake Matheson? Visited the glaciers or explored the secret waterways of Okarito? Then what are you waiting for?

Read a sample of the itinerary:

West Coast Rainforest

Heading south to Whataroa today we join a rainforest tour within the remote Waitangirotto Nature Reserve – only accessible on a guided tour. Driving across lush South Westland farmland, we then walk on a flat, purpose-built track among the pristine stands of 1000 year old kahikatea. This type of forest literally drips with lichens and epiphytes, while in autumn bursts with wonderful fungi, orchids and ferns which our local guide will point out to us. We will also see the nesting site of the kotuku (white heron), located on a secret waterway. At this time of year, the birds have dispersed widely, but we will learn about this special chosen location – the only breeding site of the kotuku in New Zealand.
