Welcome

Let's face it! We are a nation of weather discussers! But there is always something to talk about, and the enjoyment of our tours is without doubt influenced by it. We have had a great run so far this year with our March and April tours: crystal-clear skies, crisp autumnal mornings and of course the gorgeous colours of Autumn, especially in the South Island as our recent travellers to that part of the country will attest. Even our venture to the Far North this month squeaked in with some enviable days with which to enjoy their adventures. We are hoping that this will continue through until the end of May as we get to tick off our Great Barrier Island duo of tours.

Then, with the exception of a couple of exciting little winter expeditions, we will hunker down and get on with the planning in earnest. That's because when we are not on the road, we are actively working on the tour calendar and we are now feeling increasingly confident at moving the horizons out to 2022.

Meanwhile, as the days get shorter, we have some great day trips in the pipeline to provide short winter interludes. We enjoyed stunning weather and a very successful day out in the Wairarapa recently, visiting Hattenburn Garden near Carterton followed by a delicious lunch at the White Swan.

We welcome the chance to catch up with you soon.

Warm regards,
The Tours Team
Ali, Kath and Robin

The highest mountain in NZ, Mt Cook was first named Aoraki or 'cloud piercer' by South Island Maori. Feeling inspired, we will take an impressive hike up to a lake at the base of the Hooker Glacier, complete with icebergs! The track is surrounded by peaks, glaciers, native vegetation and mountain streams, and provides excellent views of Mt Cook on a fine day.

Keeping you Safe

Your safety as well as the safety of our team members are our highest priority. We have taken direction from the Ministry of Health on best practice around personal safety protocols. We are now contacting all our key suppliers, before going on tour, to double check that they are observing the same protocols so that everyone feels safe.

On board our coaches we will be carrying out the following:

- We are providing hand sanitizer (which we always have - but encourage you to use regularly)
- Cleaning (with disinfectant) all hard surfaces daily
- We have a disinfectant to use in the air con filters.
- We have stopped using our washable cups on the road and when required are using biodegradable disposable ones
- We are carrying tongs for any food handling.
- Staff are using gloves for any food handling
